SEES LAUNDRY VINEGAR

SEES laundry vinegar is a high-quality fabric softener suitable for white and colored laundry. It is made in Finland from the purest ingredients and contains no artificial fragrances, dyes or preservatives. The product is biodegradable, vegan and contains only pure aromas of essential oils and organic spirits vinegar.

Laundry vinegar has been used in Finland as a fabric softener for more than a hundred years. Add it to the fabric softener compartment of a washing machine. It closes textile fibers maintaining the textile's colours and preventing dirt and dust from sticking. While most fabric softeners obscure unpleasant odors, laundry vinegar neutralizes them. Vinegar also improves the absorbency of towels and other soft textiles.

The scent of vinegar disappears completely as the textile dries, leaving only a clean and mild scent of essential oils. Laundry vinegar extends the life of the garment, removes electricity, keeps the colors bright and even cleans the washing machine. Chemical-free SEES laundry vinegars do not strain nature.

Undiluted and 100% authentic essential oils.

SEES aroma stone is a natural diffuser for essential oils made by hand in Finland. The drops of essential oils dripped onto the stone gradually evaporate and diffuse valuable aromatic scents into the room air, cleaning the air and refreshing, relaxing or invigorating the mind, depending on the scent. Each SEES aroma stone is hand made and unique.

Long-term development has resulted in clay consistency as well as manufacturing and combustion methods that make the stone absorb oil quickly and evaporate it slowly and cleanly. Use: Drop 3-5 drops of genuine essential oil on the stone.
