# SEES COMPANY

All SEES Company's home cleaning and skin care products are made in Finland using ingredients of highest quality and world renown Finnish design.

SEES was born out of a desire to create a range of products that cater to all senses in everyday life. The aesthetics, clean and ecological ingredients and carefully selected fragrance combinations are the key elements of SEES Company.

All SEES products are non-toxic and contain no artificial ingredients. The fragrances are combinations of essential oils selected through a long and careful product development process. All fragrances carry a particular positive effect to our wellbeing - either by refreshing, strengthening or relaxing the mind.

The product range includes laundry vinegars, textile sprays, essential oils, candles, hand soaps, skin oils, cleaning sprays for kitchen and sauna, shampoo, conditioner and shower gel.

# SEES LAUNDRY VINEGAR

SEES laundry vinegar is a high-quality fabric softener suitable for white and colored laundry. It is made in Finland from the purest ingredients and contains no artificial fragrances, dyes or preservatives. The product is biodegradable, vegan and contains only pure aromas of essential oils and spirits vinegar.

Laundry vinegar has been used in Finland as a fabric softener for more than a hundred years. Add it to the fabric softener compartment of a washing machine. It closes textile fibers maintaining the textile's colours and preventing dirt and dust from sticking. While most fabric softeners obscure unpleasant odors, laundry vinegar neutralizes them. Vinegar also improves the absorbency of towels and other soft textiles.

The scent of vinegar disappears completely as the textile dries, leaving only a clean and mild scent of essential oils. Laundry vinegar extends the life of the garment, removes electricity, keeps the colors bright and even cleans the washing machine. Chemical-free SEES laundry vinegars do not strain nature.

Fragrance options:

SEES LAUNDRY VINEGAR No. 1 SERENE BERGAMOT & LEMON

SEES LAUNDRY VINEGAR No. 2 CALMING LAVENDER & PEPPERMINT

SEES LAUNDRY VINEGAR No. 3 REFRESHING PINE & ORANGE

SEES TEXTILE SPRAY No. 2 FRESH ORANGE & PEPPERMINT

500ml

MOQ: 10 pcs per scent

SEES COMPANY

# ESSENTIAL OILS

SEES essential oils are high-quality natural oils manufactured by cold pressing or steam distillation from different parts of the flowers of genuine plants.

Essential oils can be used in a diffuser to purify room air and create a desired atmosphere and to relax or brighten the mind. Essential oils are also suitable for steam fragrances, aromatherapy, home cleaning and cosmetics.

Undiluted and 100% authentic essential oils.

SEES ESSENTIAL OIL No. 3 EUCALYPTUS , 10 ml

SEES ESSENTIAL OIL No. 4 LEMON, 10 ml

Essential oils, 10 ml

MOQ: 10 pcs per scent

SEES COMPANY

# AROMA STONE

A diffuser for essential oils, handmade in Finland.

Each aroma stone is unique, made a small local pottery with a production method that makes it perfect for diffusing essential oils.

The stone absorbs oils quickly and evaporates them slowly, diffusing valuable aromatic scents for a pleasant ambience with different qualities depending on the oil used. An aroma stone is a great option when you don't want an electric diffuser or an oil burner, both of which need attention to be safe. It's also ecological and easy to move around; keep in the car, take along when travelling (with jetlag, just add some lavender oil and say hello to the Sandman), use in the bathroom or guest toilet etc. If you are a beauty or massage therapist, for example, many clients will appreciate this aromatic experience; easy to put away if somebody doesn't want it around.

Use the aroma stone with pure essential oils, which have different properties depending on the oil: uplifting, calming, antiseptic etc.

Add 3–5 drops of essential oil of your choice, repeat after a few hours if desired. It's not as effective as an electric aroma diffuser or humidifier, but more than enough to diffuse essential oils in an average room.

Aromastone white

MOQ: 10 stones

SEES COMPANY

# SEES SKIN OILS

SEES skin oils are made in Finland from high-quality grape-seed oils fragranced with only natural essential oils. The skin oils meet the standards for natural cosmetics, are chemical-free and contain no artificial fragrances, dyes or preservatives. All SEES products are developed with no animal testing.

Grape-seed skin oils are effective skin moisturizers, that are especially suitable for dry skin, prevention of pregnancy scars, massage, baby massage and aromatherapy. The oil contains flavonoids and vitamin E, that soften and revitalize skin effectively. Absorbs very well.

## **SEES skin oils:**

SEES SKIN OIL No. 1 SERENE BERGAMOT & LEMON  
(Unisex fragrance)

SEES SKIN OIL No. 2 NURTURING NEROLI  
(Flowery and citric fragrance, for women)

SEES SKIN OIL No. 3 CLEAN FRAGRANCE FREE  
(Also suitable for children's skin and baby massage)

MOQ: 10 pcs per scent

SEES COMPANY

# SOY WAX CANDLE

SEES soy wax candles are made of pure and ecological soy wax, which releases significantly less toxins into the room air than traditional stearin candles. SEES soy wax candles are handmade in Finland and therefore each of them is unique - the wick may be slightly tilted and the wax surface uneven.

SEES soy wax candle No. 2 Fragrance free, burning time approx. 25 h

MOQ: 10 pcs per scent

SEES COMPANY

# HAND SOAPS

This liquid soap is made with pure essential oils, without any artificial fragrances. It's biodegradable and ecological, yet an effective detergent for daily handwashing. It eliminates germs and unpleasant odours such as fish and onion while leaving hands soft and mildly scented.

SEES biodegradable liquid soap No. 1 Cedar & orange has notes of fresh, woody cedar, sweet orange, lavender and rosemary. SEES biodegradable liquid soap No. 2 Teatree & rosemary has notes of fresh tea tree and woody rosemary.

It took some time to develop these scent combinations, but it was worth the effort: the essential oils used deliver their benefits also to your mind, not only hands. These blends are uplifting and makes daily handwashing something to look forward to and enjoy.

## BIODEGRADABLE LIQUID SOAP:

SEES biodegradable liquid soap No. 1 Cedar & orange, 500 ml

SEES biodegradable liquid soap No. 2 Teatree & rosemary, 500 ml

MOQ: 10 pcs

# SHAMPOO

Strengthens and cares for your hair - without silicones or parabens.

Gentle and strengthen your hair without straining nature. The biodegradable shampoo increases the natural shine and vitality of the hair while strengthening the hair. This shampoo is an eco-friendly choice that is suitable for both home and cottage.

It is made without artificial fragrances using only genuine essential oils of cedar, orange, lavender and rosemary. The scent is a sophisticated combination of fresh coniferous forest and citrus. Essential oils refresh and relax the mind during hair washing and activate blood circulation to the scalp.

The main scents of the shampoo are fresh cedar, which mixes with the sweet orange. Lavender brings a sophisticated aftertaste to the shampoo along with rosemary. The biodegradable shampoo is scented only with genuine essential oils, which makes it valuable and of excellent quality.

## BIODEGRADABLE SHAMPOO:

SEES biodegradable shampoo No. 1 Cedar & orange, 500 ml

MOQ: 10 pcs

SEES COMPANY

# CONDITIONER

Moisturizing and strengthening conditioner for your hair. Sulfate-free and silicone-free.

The conditioner contains heather extract, which strengthens the hair and supports its natural shine. The conditioner moisturizes the hair and removes electricity, leaving the hair looking more vibrant. This biodegradable conditioner is a more environmentally friendly choice and doesn't burden nature. So you can pamper your hair without worries, both at home and at home.

The product is made without artificial fragrances and chemicals. The world of fragrances is created only by genuine essential oils that refresh and relax the mind during hair washing. The main aromas are fresh and generous rosemary, which mixes with moisturizing heather. Genuine rosemary essential oil refreshes the hair wash.

This biodegradable conditioner is suitable for all hair types, including those that follow the curly girl method. Made from very high quality raw materials and contains nothing extra. Good for hair, mind and nature.

SEES bioderadable conditioner No. 1 Heather & rosemary, 300 ml

MOQ: 9 pcs

SEES COMPANY

# BODY WASH

This body wash is made with pure essential oils, without any artificial fragrances. It's biodegradable and ecological, gentle on the skin and also suitable for washing your hair.

It has notes of fresh, woody cedar, sweet orange, lavender and rosemary - the same beloved fragrance as in SEES Biodegradable Liquid Soap No 1, just slightly milder. It took some time to develop this combination, but it was worth the effort: the essential oils used deliver their benefits to your mind and body alike. This blend is uplifting and makes your daily shower ritual something to look forward to and enjoy.

Made in Finland, vegan, with moisturising ingredients. No parabens and colourants.

## BIODEGRADABLE BODY WASH:

SEES biodegradable body wash No. 1 Cedar & orange, 500 ml

MOQ: 10 pcs 500 ml bottles

# ALL-PURPOSE CLEANING SPRAY

SEES all-purpose cleaning spray is made of plant-based ingredients for efficient daily cleaning of home surfaces in kitchen, bathroom and elsewhere. This soda-based spray, scented with natural essential oils, is made in Finland without artificial ingredients and is biodegradable.

The sophisticated scent of bergamot combined with fresh lemon brings home a luxurious and clean scent while efficiently cleaning home surfaces. Citric essential oils stimulate senses and refresh the mind. Lemon essential oil is naturally antibacterial.

SEES all-purpose cleaning spray is a safe choice for families with children and for people with allergies who want to reduce the chemical load in their home.

Free of zeolite, phosphate, artificial colors, artificial fragrances and preservatives.

All purpose cleaning spray, 500 ml  
MOQ: 10 psc

SEES COMPANY

# DISH WASH SPRAY

The sprayable hand dish wash liquid makes washing dishes easy and fast. Foaming dishwashing liquid effectively removes grease and food residues from dishes. It is biodegradable, so it is suitable for washing dishes both in the city and in the cottage. The dishwashing detergent is easily rinsed off, leaving the dishes clean and clear.

The fruity and fresh scent of SEES Dish wash No.1 comes from genuine blood orange essential oil. Blood orange is said to soothe and relax, but at the same time refresh the mood.

The luxurious dishwashing liquid is also suitable for cleaning kitchen surfaces and the dining table. Wipe stubborn food and grease stains without burdening your home with unnecessary chemicals. Made in Finland.

Free of zeolite, phosphate, artificial colors, artificial fragrances and preservatives.

Dish wash spray blood orange, 500 ml

MOQ: 10 psc

SEES COMPANY

# SAUNA WASH

Ecological detergent for sauna and shower room.

Biodegradable SEES Sauna wash is an easy way to wash sauna - as well as shower room tiles and glass doors. The spray bottle makes washing faster and easier, and there is no need for strong scrubbing.

The essential oils of lemon and eucalyptus refresh the sauna - and refresh the mind of the person washing it. 100% biodegradable.

Free of zeolite, phosphate, artificial colors, artificial fragrances and preservatives.

Sauna wash eucalyptus & lemon, 500 ml

MOQ: 10 pcs

SEES COMPANY

# SEES

## Metsä/Skogen

Product line with forest microbes.

*The product range is inspired by the pure and beautiful virgin forests of Finland.  
Contains forest dust with the forest microbe extract Re-Connecting Nature®,  
developed at the Universities of Tampere and Helsinki  
to strengthen the immune system.*

SEES COMPANY

# SHEA BUTTER

## 2-in-1: Forest Bath + Shea Butter

Shea butter with forest microbes as a face cream works in two ways: Face cream contains forest dust, also known as Reconnecting Nature™ microbial extract that is the result of research at the Universities of Helsinki and Tampere. It has been studied to help support the body's microbiome when applied through the skin.

SEES Shea butter is the salvation of dry skin. Nutritious shea butter is rich in fatty acids, vitamins and antioxidants. Vitamins E and F help your skin regenerate. It is nature's own cream, obtained from the nuts of the butter tree. Shea butter helps protect the skin from heat, frost and wind.

Shea butter with forest microbes, 60ml  
MOQ: 10 pcs

# FACIAL MASK

## 3-in-1: Mask + forest bath + exfoliation for the face

The face mask contains Finnish, biodynamic honey of Hikiän, the cultivation of which is based on the sustainable use of natural resources. Honey effectively moisturizes the skin and white clay absorbs skin impurities.

Forest dust, also known as Reconnecting Nature™ microbial extract, is the result of research at the Universities of Helsinki and Tampere. It has been studied to help support the body's microbiome when applied through the skin.

The face mask has a huge number of forest microbes and the use of the product supports the strengthening of the human connection with nature. The face mask is also suitable for exfoliation. The product's native dried herbs exfoliate dead skin cells when you gently massage your face with your fingertips at the end of the treatment.

Facial mask with forest microbes, 60 ml  
MOQ: 10 pcs

# BATH SALT

## Aromatherapy bath salt

The essential oils of the bath salt relax the mind and the mineral salt pampers dry skin. Bath salt made from natural ingredients contains only what you really need.

Mineral salt revitalizes blood circulation, triggers muscle tension and moisturizes dry skin, making it softer and more vibrant. Mineral salt is also said to help with swelling.

The fragrance world of the product takes you into a fresh coniferous forest. You can distinguish between pine needles and fresh bergamot and lemon. The bath salt is scented with genuine essential oils to help you enjoy an aromatherapy bath at home. The product is also suitable for use in foot or hand baths.

Bath salt pine & citrus, 160g

MOQ: 10 pcs

# SCENT DIFFUSER

## Diffuser with essential oils of pine & juniper

Biodegradable room fragrance with essential oils.

Finally a room fragrance with a biodegradable base and real essential oils!

The fragrance of the IKIMETSÄ scent diffuser is wooded and the power comes from the hum of conifers and the diverse and soothing elements of the green land. The Unisex scent is suitable for large and small spaces and the intensity of the scent can be adjusted with the number of sticks.

Inspired by Finnish forests: the scent of pine, juniper and spruce has been emphasized in the scent world. In addition, the fragrance combines warm and sweet vetiver with luxurious cedar. Together, these make the room fragrance intense, aromatic and upright.

The aroma is strong to make it rise slowly along the narrow neck of the bottle, which increases the life of the product.

Scent diffuser, 100 ml

MOQ: 10 pcs

# SCENT DROPS

## 100 % essential oil blend

Scent Drops is a unique 100% essential oil blend that combines a pure coniferous forest with a sweet citrus scent. The scent of the perennial forest is the result of long-term product development and has been inspired by Finnish forests and its various strata. The main scent is the nuances of different conifers and the sweet citrus freshness at the bottom.

The real essential oils of the scent relax and soothe the mind - as the forest does. The Unisex fragrance is suitable for large and small spaces and the cap of the pipette bottle makes it easy to control the number of drops.

To use: Add 2-3 drops to the aroma stone. In an electric diffuser, 3-5 drops in about a deciliter of water.

Scent drop, 15 ml

MOQ: 10 pcs
